

[illegible]

The diagram consists of a large square frame. Inside, there's a smaller square formed by circles along the left and bottom edges. The top edge of this inner square is defined by a row of triangles. Various letters are placed around and within the grid: 'L' at the top-left corner; 'AYMOD' and 'EPLAD' along the top edge; 'M' near the top-left circle; 'P' and 'A' near the top-right triangle; 'E' and 'P' further right; 'A' and 'P' on the right side; 'D' and 'L' below the right side; 'Y' and 'O' near the bottom-right triangle; and 'M' at the bottom center.

A diagram of a 10x10 grid representing a game board. The top row contains the letters A, Y, M, O, D, E, P, L, A, Y, M. The leftmost column contains the letters L, A, Y, M, O, D, E, P, L, A, Y, M. The grid is filled with black circles and triangles. The top row has circles at A, Y, M, O and triangles at D, E, P, L, A, Y, M. The leftmost column has circles at L, A, Y, M, O and triangles at D, E, P, L, A, Y, M. The rest of the grid is filled with circles and triangles in a pattern that suggests a game board layout.
